

## **COVID Revenue Will Not Be Included in IRMA Revenue Base**

*By: Ashli Motyka, Director, Financial Services at IRMA*

At the June 15<sup>th</sup> IRMA BOD meeting, the membership concurred with staff's recommendation that COVID revenue not be included in the [IRMA revenue base](#). After analysis of the issue, in consultation with IRMA's actuaries, the conclusion was that COVID revenue should not be considered in members' revenues bases. Members will receive letters next week that requires the revenue base worksheets be completed no later than August 2<sup>nd</sup>. The revenue base worksheet requires members to report revenues and submit their CAFRs. This information is critical as we prepare the IRMA 2022 budget.
